Single capacitor | Ablation CapDYN | CapDYN | First successful exec | Failed exec | T_1 | T_2 | T_3 | T_4 | T_5 | T_6

S0: energy-unaware fixed capacitor with power gating

S1: energy-aware fixed capacitor with power gating

S2: always-on fixed-capacitor control without power gating

AB: no energy-admissible task dispatch

CapDYN
